Chicago, IL 60645 | +1 224 496 0082 | nelsontayoola@gmail.com

Professional summary

I'm an undergrad who's all about diving into the world of data and computer science. I'm soaking up knowledge in different courses, and constantly looking for ways to collect and communicate data. I'm ready to bring my enthusiasm for knowledge and knack for problem-solving in a team or individually. I currently works as Human Resources and Executive Assistance at CRISTAB HLC, a vocational school for aspiring CNAs.

Authorized to work in the US for any employer

Work experience

Bookstore Clerk

Educare | Winnetka, IL

August 2026 to Present

Administrative Assistant

Cristab HLC | Chicago, IL

January 2025 to Present

1. Creating and managing school webpage, processing and filing applications for classes, including storing and handling confidential information, IT and technological assistance with classroom and onsite lab equipment,

Crew Member

White Castle

May 2021 to March 2024

As a crew member in White Castle, most time is spent putting customers orders together while interacting with them to deliver good service. Because there are fewer crew members than most food service places, everyone has to learn how to do basically everything. I learned a lot so I can handle myself on the floor when help may not be available.

Team Member

Chick-fil-A | Chicago, IL

November 2022 to September 2023

The Chick-fil-a work environment is very friendly and safe. The way you are trained in handling customers isn't anything unique, but they focus a lot on politeness and stewardship. This goes with customers and fellow coworkers. The environment in Chick-fil-a is very flexible and it allowed me to work efficiently and comfortably.

Cadet

US Army ROTC

September 2021 to May 2022

The US Army ROTC program teaches effective leadership and critical thinking skills to complete missions, operations, and the knowledge to lead large groups of people efficiently and effectively. In a short span of time, I have learned knowledge that can be applied both in the military and outside of the military as well. I have learned different levels of leadership including advocacy and leadership.

Crew Member

Jersey Mike's Subs

January 2021 to February 2021

As a crew member, I was able to complete a variety of tasks in a timely manner whenever they needed to be done. I was able to work efficiently and run the store with as few as two other coworkers within a shift.

Library Internship

After School Matters | Austin Branch

July 2020 to August 2020

We worked on college and career development in regards to what we are good at and what fields we could potentially get into in the future. We have finished CYSC projects which highlight issues in the world or our community that we want to see fixed or changed.

After School Matters

Mindfulness Leaders

October 2019 to December 2019

This program teaches students to be mindful and aware of their emotional and mental state. This is especially useful to understand how you feel and what type of energy you are putting forward throughout the day.

After School Matters

COOL Communicators

July 2017 to August 2017

It was a program that taught effective communication skills as a main subject, and finance as a secondary.

The communication skills taught were how to present yourself and your voice to your target audience whether it be a group of people or one-on-one conversation.

The financial skills taught were how to properly budget, spend money, and utilize your money.
